1. QUALITY, ENVIRONMENT AND OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT

Nabla Wind Power S.L. is an independent provider of engineering solutions for the wind industry specialising in Wind Asset Optimisation, using techniques that combine Life Extension, Performance Improvement and O&M Optimisation.

Taking into account the need to ensure optimal quality for all activities carried out internally, as well as a commitment to respecting the environment and providing the safest and healthiest working conditions for employees, Nabla Wind Power S.L. develops quality, environmental, and OHS policies to achieve the company's objectives (which has ISO9001, ISO14001 and ISO45001 certifications) and comply with the requirements of its stakeholders, based on the following principles:

- Improving the reliability and qualifications of our team through internal and external training, and the application of new techniques and technologies, with the precision necessary to meet the needs of our customers. Respetar los requisitos legales y las normas preestablecidas, así como las establecidas por nuestros clientes.
- Complying with legal requirements and pre-established standards, as well as those established by our customers.
- Continuous dedication to improving the quality standards of our suppliers. Ensuring that quality is present in all aspects of the business. .
- Commitment to continuous improvement in the management of our organisation through an integrated quality, environmental and OHS management plan, using performance indicators and objectives, as well as periodic reviews of the entire system, which result in the improvement and reinforcement of the effectiveness and consistency of our company.
- Commitment to maintaining an environmental management plan, dedicating efforts to protecting the environment (biodiversity and ecosystems) and preventing pollution through a mindset of continuous improvement.
- Commitment to eliminating hazards and reducing OHS risks. To this end, we promote consultation and participation among workers.
- Satisfaction of customers and stakeholders by guaranteeing high-quality services. To achieve this objective, we will improve our processes and services, always market-oriented and flexible in order to meet customer requirements and specifications.

This policy has been approved by the Managing Director of Nabla Wind Power S.L., Alfonso San Emeterio, on 10/07/2025. It will be reviewed annually by the Office and Quality Manager, Inés Castresana, in order to include any necessary modifications and updates, with the aim of improving its functioning.

These policies will be available to all employees in the common areas of all departments, as well as on the corporate website.

2. ANNEX I: ISO 14001 CERTIFICATE

This is a translation of the certificate ES21/210223

SGS

The management system of

NABLA WIND POWER, S.L.U.

Bulevar de Salburua, 8, 11B, 01002 Vitoria, Araba/Álava

has been assessed and certified as meeting the requirements of

ISO 14001:2015

For the following activities

Re-development of wind farms, through techniques combining Life Extension, Energy Production Improvement and Operation&Maintenance Optimisation (based on site conditions), and design of aerodynamic, structural and control retrofits.

This certificate is valid from 13 September 2024 until 10 September 2027 and remains valid subject to satisfactory surveillance audits.

Issue 2. Certified since 10 September 2021

Last certificate expiry date 10 September 2024

Recertification audit date 06 September 2024

Authorised by
Certification Management
